Stimson Lumber Company
PO Box 67
Grand Ronde, OR 97347

Attn: Britt Madison

January 18, 2007

Britt,

As per our phone conversation today Green Crow Corp would like to request an easement from Stimson Lumber Company for the purpose of hauling rock from a proposed pit we are in the process of developing on our property, T1S R10W Sec 30, at Cape Mears.

The haul route would be over your roads #270-250-200. As with our other easement agreements we would provide maintenance and follow your safety requirements.

At your convenience I would like to discuss the possibility of obtaining this easement or an alternate route.

Thank you for any consideration you can give us on this request.

Chuck Adams
Area Manager
